SALE OF VALUABLE HOFEL PROPERTY, AT WELdon, North Carolina.—On saturday, 17th of March,
1855, at 12 o'clock, on the premises, at Weidon, N.C., I will
sell, by public auction, the new hotel or dining house,
which has just been erected, adjoining the passenger depot
of the railroads at that place. Weldon is known to be on
the great Southern line of travel, and it has always been a
place where the passengers go ng North and South eat
their meals. This hotel was put up for the express purpose of accommodating the large and increasing travel
of the roads. It fronts 125 feet next the debut, where
the cars all stop, and the dining room is 87 feet long, 39
feet wide, and 16 teet high, capable of dining 250 persons
at once. The other public rooms are in the same proportion, and when all are finished, there will be forty large
airy bed-chambers. The rooms in the third story are not
yet completed, but the first and second floors, and the
rest of the bouse, are so nearly finished that it could be
opened for the purpose of furnishing means to the passengers in eight or ten days. This desirable property is
worthy of the notice of persons at a distance, acquaintet with the value of such investments in good localities.
For their information, I will state that Weldon is the
point where the two great rainroad lines to the South
meet, to wit: the one through Washington city, Rich
mond and Petersburg, and the other by the Chesapeake
bay and Norfolk, and where they diverge by the railroads
to Willmington and Raleigh. There are teslee daily passenger trains now arriving at and departing from Weldon, and from 40 000 to 50,00 passengers pass there an
nually. In addition to these advantages, the water
power of Welcon is unequalled in the Southern States,
and as it becomes better known it will become a large
manufacturing town. The above sale is made by virtue
of a deed from H. D. Bird to me, duly recorded in Halifax
county, N. C. A credit of ax, t
